

Wing nuts EP

Details du produit

Description

The EP type nut is a wing nut. Indeed, this plastic nut is composed of black nylon butterfly fins and a nylon insert.

Advantages

These full plastic nuts can be tightened and loosened by hand, without tools. They are light and stainless and withstand a temperature between -30 ° C and + 100 ° C.

Qualities

Easy to screw and unscrew, our EP type wing nuts provide you with a secure and resistant attachment. And they also have good mechanical properties.

usage

They can be used in any type of assembly in industry and are particularly suitable for manual assemblies.
