

Wing screws DIN 316

Details du produit

Description

This wing screw is a plastic screw with a rounded shape and is fully threaded. Wing screws are a German shape similar to DIN 316. They are designed to be tightened and loosened by hand.

Advantages

Also known as wing screws, they allow quick assembly and disassembly by hand, without special tools.

Qualities

Because thumbscrews typically provide a large gripping surface, they provide great leverage for tightening.

usage

Thanks to a good grip, this screw can be used in many assemblies.
