

Pan head screws DIN 85

Details du produit

Description

This fixing screw is a fully threaded screw according to the DIN 85 standard. Its slotted cylindrical head allows manual application with tools such as a screwdriver. This wide head promotes good support on the assembly and thus offers good hold.

Advantages

The cylindrical screw does not conduct electricity and resists corrosion.

Qualities

The cylindrical head screw is very present on construction sites involving metal structures and sometimes on other materials such as wood.

usage

Often used in aeronautics and industry... Please note : The finish of each piece may differ according to the reference chosen. Depending on the mold, the surface may be more or less rough. Illustrations are not contractual.
