

Countersunk head screw DIN 7991

Details du produit

Description

This metric countersunk head screw is manufactured to DIN7991 standard. It has a hexagon socket head to suite an allen key and is made from polyamide (nylon). Other materials are available on request.

Advantages

DIN 965 screws provide a clean and neat finish even though the screw head is exposed. Often used with a cap to protect the head.

Qualities

Provides a light weight non corrosive, non conductive fastener with many other advantages over steel screws.

usage

For use where a flush surface is required with a more positive drive for tightening.
