

Washer faced hex head screws

Details du produit

Description

This washer faced hex head screw uses DIN933 standard screws with our anti loss washer fitted to provide the washer element. Customers will recive this product pre-assembled.

Advantages

The washer spreads the load over a larger surface area and also protects the component surface during tightening.

Qualities

Provides a light weight, non corrosive, non conductive fastener with many other advantages over steel screws. A/F according to ISO 4017. Most screws fully threaded up to 80 mm long.

usage

Hex head screws are found in all industries and applications. Tighten with a spanner or socket.
