

Cover plugs form T

Details du produit

Description

The cover plug form T is a general purpose part which can be used for internal thread protection or for unthreaded bores. They are flanged for ease of removal and to protect the edge of the bore or thread.

Advantages

Easy to fit and remove, it can also be used as a protective mask during component painting.

Qualities

Manufactured in polyethylene (PE-LD) which makes these parts resistant to diluted acids, organic acids and some chemicals.

usage

Use for mutple threaded and non threaded applications
