

# Taper plugs type H

## Details du produit

### Description

These tapered plugs have a dual function as they can also be used as a cap.They can be used to protect male and female threads or tubes and bores from dirt and other contaminants.

### Advantages

Easy to fit and remove, it can also be used as a protective mask during component painting.

### Qualities

Manufactured in polyethylene (PE-LD) which makes these parts resistant todiluted acids, organic acids and some chemicals.

### usage

Use as a plug or cap for mutiple threaded and non threaded applications.
