

## Decorative screw caps

### Details du produit

#### Description

These decorative screw caps come in a variety of washer and cap designs giving more options depending on your applocation. The cap provides protection for the screw and the washer offers good isolation of the screw from the surrounding material.

#### Qualities

Thanks to the polyethylene (PE) material, the cover is resistant to various acids, greases, oils... but it is also robust and indestructible.

#### Advantages

Fully protected and isolated screws with surface protection and support in one unit.

#### usage

Normally associated with automotive, these caps have applications through out all industries. Please note : The finish of each piece may differ according to the reference chosen. Depending on the mold, the surface may be more or less rough. Illustrations are not contractual.
