

Handles type

Details du produit

Description

These handles are of a pronounced rectangular shape and consist of the models PF 94 / PF 118 / PF 132 / PF150 / PF 180. This Handles type are sold with the screw cover included.

Advantages

Thanks to their nylon material loaded with 30% fiberglass, they are strong and resistant.

Qualities

Fixing with hex screws/nuts (DIN 933, ISO 4017, DIN 934, ISO 4032) or hex socket head screws (DIN 912, ISO 4762). Fixing for PF94 with screw M6 - "S" - A/F = 10mm. Fixing for PF118, PF132, PF150 and PF180 with screw M8 (A/F "S" 13mm).

usage

Plastic handles for all industrial sectors (furniture, medical, electronics, metal construction...).
