

Vis tête large

Details du produit

Description

Cette vis tête large en Nylon à fente est une vis en nylon utilisable avec un tournevis plat. Sa tête plate lui permet un serrage optimal.

Avantages

La tête large de la vis lui permet de recouvrir un maximum de surface et assurer un serrage optimal. De plus, en nylon, cette vis ne conduit pas l'électricité et résiste à la corrosion.

Utilisation

Cette vis tête large est utilisable dans l'industrie mais aussi dans le mobilier, sa facilitée d'utilisation lui permet de répondre à tout les besoins en termes de fixation.
