

Viti a 4 segmenti PLAS 71

Dettagli del prodotto

Descrizione

Questa referenza è una vite interamente in plastica con filettatura totale. È una referenza fatta in casa e quindi esclusiva. Le viti a 4 bracci di Bülte sono perfettamente adatte ad un uso manuale grazie a la loro forma a stella.

Vantaggi

In questo modo non c'è più bisogno di cercare una chiave di serraggio. La vite a 4 bracci PLAS 71 consente di avvitare a mano libera senza attrezzi, facilitando il serraggio e l'allentamento del pezzo.

Utilizzo

Sono spesso usate nell'industria, nell'aeronautica...
