

Viti DIN 603

Dettagli del prodotto

Descrizione

Si tratta di viti a testa tonda con quadro sotto la testa secondo la norma DIN 603 e la norma NFE 27-351. Sono particolarmente adatte per i montaggi in legno leggero e difficili da perforare.

Vantaggi

Il quadro posto sotto la testa della vite consente alla vite di non ruotare quando il dado viene rimosso.

Qualità

Le viti testa tonda con quadro sotto la testa secondo DIN 603 sono leggere e inossidabili.

Utilizzo

Queste viti si usano particolarmente nell'industria e nell'edilizia.
