

Maniglione tubolare PR

Dettagli del prodotto

Descrizione

Queste maniglie rotonde sono disponibili in Nylon nero con tubi di plastica o con tubi di alluminio con due diametri di tubo possibili, in 20 mm, o in 30 mm.

Qualità

Fissaggio con viti M8 DIN 933, NFE 24-017 (testa esagonale).

Utilizzo

Impugnatura in plastica progettata per tutti i settori industriali (arredamento, medico, elettronica, macchinari, costruzioni metalliche...).
